

PRAY JANUARY with 100 HOMES

Creative Prayer Ideas

PRAY for children needing homes

“God sets the lonely in families” - Psalm 68v6

Cut out paper dolls and think about children in care as you hold them.
(You could use real dolls if you prefer!)

If you have a dolls house or could make a simple one, place the dolls into the house as a prophetic act.

PRAY for our local authorities

“Seek the welfare of the city where I have sent you” – Jeremiah 29:7

Print out a map of the local authority that you live in, and pray over each area.
You could also find photos and names of key decision makers for children's services – councilors, children's service managers, and fostering services managers so you can pray for them by name.

PRAY for foster carers

“Religion that is faultless is this: take care of the orphans and widows –
James 1v27

Have a big box of building blocks ready for this one!

If you know a foster carer, bring them to mind while you take a block. If you don't know any foster carers you can pray more generally. As you pray, add the blocks to a building.

Ask God to show you how you could encourage foster carers that they are crucial part of building God's Kingdom.

Add extra blocks as you pray for more foster carers to come forward for children who need a home.

PRAY for 100 Homes

“Encourage one another and build each other up” – 1 Thessalonians 5:11

At your request, we can send you some leaflets and current newsletters you can have for people to pray along with.

Make paper aeroplanes and write your prayers for 100 Homes on them. Pray that our work continues to fly in 2024: that we gain charitable status, that our team is built, and that we are able to recruit many more foster carers.
